

Centium workplace investigations

ABOUT CENTIUM

Centium provides specialist risk management services to NSW, VIC, QLD and Australian governments and over 100 local government bodies, and for the health and not for profit sectors. We provide risk & assurance, probity, cyber security, local government improvement and workplace investigation services.

We specialise in investigating allegations of fraud and corruption, bullying & harassment, child protection and health sector matters. We also have special expertise in local government investigations including councillor conduct matters.
